*** All DKT 2000 and 3000 series handsets must have the BHEU card fitted to be compatible with the EHS 550.

Other manufacturers:

Other versions of this product are available for the following manufacturers:

Aastra

Alcatel

Avaya

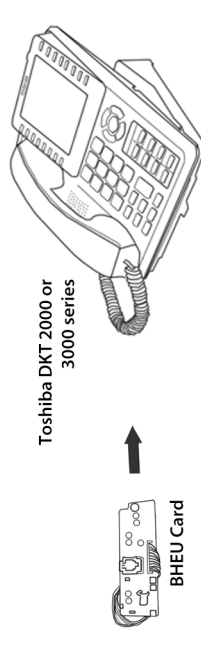

Panasonic

Polycom

Siemens

To check which handsets from each manufacturer are compatible, please contact our sales team by email: sales@ipn-headsets.com

PLEASE NOTE: if you're using a DKT 2000 or 3000 series handset, you must have the BHEU card fitted for it to be compatible with the IPN EHS 550.

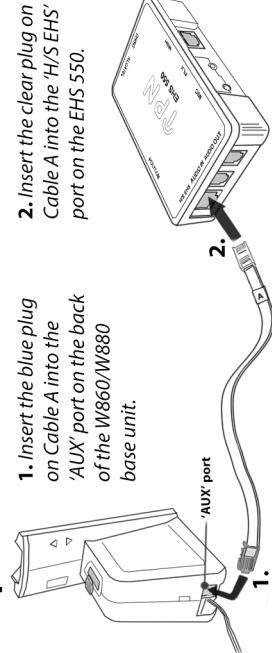

Toshiba DKT 2000 or
3000 series

BHEU Card

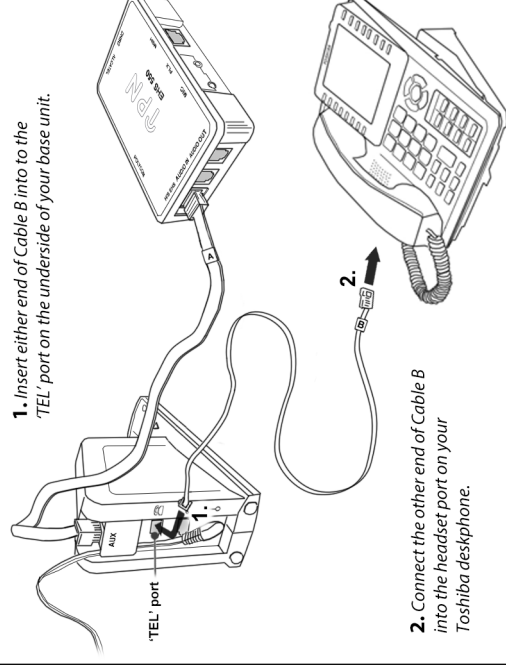

Step 1: Connect Cable A

1. Insert the blue plug on Cable A into the 'AUX' port on the W860/W880 base unit.
2. Insert the clear plug on Cable A into the 'H/S EHS' port on the EHS 550.

Step 2: Connect Cable B

Cable B is supplied with your IPN W860 or W880.

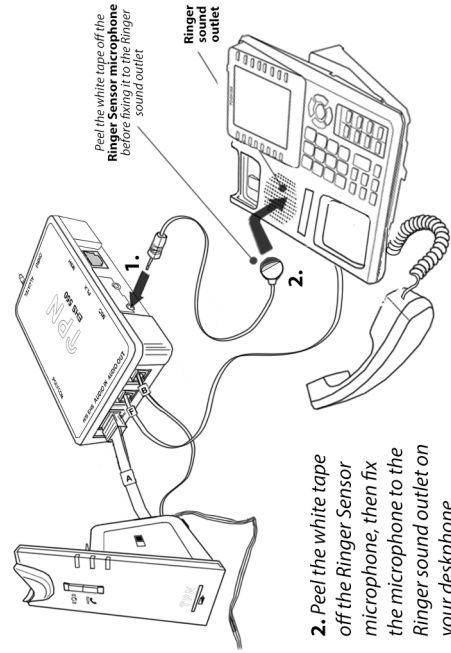

1. Insert either end of Cable B into the 'TEL' port on the underside of your base unit.
2. Connect the other end of Cable B into the headset port on your Toshiba deskphone.

Please check your deskphone's manual for location of the headset port.

Step 5: Connect the Ringer Sensor

1. Insert the audio jack on the Ringer Sensor into the 'MIC' port on the EHS 550.
2. Peel the white tape off the Ringer Sensor microphone, then fix the microphone to the Ringer sound outlet on your deskphone.

Peel the white tape off the Ringer Sensor microphone before attaching to the Ringer sound outlet

Ringer sound outlet

Your EHS 550 will now be ready for use with your IPN W860 or W880 and Toshiba deskphone. If you encounter any problems setting up or operating your products, please call IPN Headsets on 0031 (0)24 34 34 747.
